

SFERA THE STYLISH CHOICE FOR THAT FINISHING TOUCH

Sfera is not just a door entry panel, it's a style statement. Now with a variety of plates and colours to choose from, plus the option of modular or monobloc panels for choice or simplicity, Sfera can really make an entrance.

BTICINO – TERRANEO DOOR ENTRY SYSTEMS

This discreet alternative to traditional handsets combines handsfree two way speech with a sleek contemporary design. Its slim profile reduces the risk of damage once installed and its hidden screws allow it to blend with any decor

Pivot is one of the most elegant handsets available... and its advanced technology can more than match its looks. Pivot provides clear and crisp full colour images whatever the weather

Sfera can be installed quickly and easily using just two concealed screws. A robust aluminium front plate and IP 54 rating ensures protection against adverse weather conditions, whilst the high quality components deliver excellent audio and video quality

BTicino – Terraneo

door entry kits

Pack Cat. Nos. **Sfera audio modular entrance panel kits (4 wire + n)⁽¹⁾**

Conform to EN 60065, EN 50081-1 and EN 50082-1

IP 54 audio entrance panel

Kits comprise :
Sfera surface mounting audio entrance panel with pressed aluminium body and illuminated name plates
Sprint audio handset(s)
Power supply
Compatible with any 12 V AC lock. With an optional relay Cat. No. 8208 56 any device can be operated

1	3132 11	1 way audio kit
1	3132 21	2 way audio kit
1	3132 31	3 way audio kit
1	3132 41	4 way audio kit
1	3132 51	5 way audio kit
1	3132 61	6 way audio kit

3132 41

Sfera audio modular entrance panel code lock kit (4 wire + n)⁽¹⁾

Conforms to EN 60065, EN 50081-1 and EN 50082-1

IP 54 audio entrance panel

Kit comprises :
Sfera surface mounting audio entrance panel with pressed aluminium body and illuminated keypad
Sprint audio handset
Power supply
Compatible with any 12 V AC lock. With an optional relay Cat. No. 8208 56 any device can be operated

1	3132 71	1 way audio code lock kit
---	---------	---------------------------

3132 71

Sfera video modular entrance panel kits (7 wire + n)⁽¹⁾

Conform to EN 60065, EN 50081-1 and EN 50082-1

IP 54 video entrance panel

Kits comprise :
Sfera flush mounting video entrance panel with pressed aluminium body, camera module, infrared lighting and illuminated name plates
Pivot video handset(s)
Power supply
Compatible with any 12 V AC lock. With an optional relay Cat. No. 8208 56 any device can be operated

1	3625 11	1 way video kit
1	3625 21	2 way video kit
1	3313 21	2 module surface mounting box + chassis for Cat. Nos. 3625 11/21

3625 11

Accessories for audio/video Sfera kits

- up to 2 additional handsets available from the range p. 102-103 (for additional video handsets please add distribution blocks Cat. Nos. 3368 10 or 3368 20, p.103)
- for any other custom solution please refer to the analogue section p. 102-103

(1) n = No. of call button returns

BTicino – Terraneo

door entry kits

Pack Cat. Nos. **Linea 2 000 series audio monobloc entrance panel kits (4 wire + n)⁽¹⁾**
Conform to EN 60065, EN 50081-1 and EN 50082-1 IP 54 audio entrance panel

Kits comprise :
 Linea 2 000 series extra slim surface mounting audio entrance panel with illuminated name plate
 Sprint audio handset(s)
 Power supply
 Compatible with any 12 V DC lock. With an optional relay Cat. No. 8208 56 any device can be operated

BTicino – Terraneo

digital system

Pack	Cat. Nos.	Power supplies
1	3360 10	Digital system and analogue video power supply unit - 10 DIN rail modules
1	3360 30	Digital system and analogue video power supply unit with battery back-up - 10 DIN rail modules

Accessories

1	3362 00	Intercommunication relay - 6 DIN rail modules for audio and video
1	3368 20	Video/services shunt for 5 internal intercom units - 6 DIN rail modules used with 3362 00
1	3368 42	Transformer 230 V AC/12 V AC 18 VA - 6 DIN rail modules
1	3369 10	Additional bell
1	3461 00	Video riser distribution block - 6 DIN rail modules
1	3461 20	Audio digital floor distribution block - 6 DIN rail modules
1	3461 90	Video digital floor distribution block - 6 DIN rail modules
1	3461 40	Audio riser distribution block - 6 DIN rail modules
1	3462 00	Staircase light timer relay 230 V - 4 DIN rail modules
1	3462 20	Relay for several video entrance panels in series
1	3469 60	Video selector for several digital entrance panels - 6 DIN rail modules
1	3373 00	Video signal converter for external camera
1	3468 20	Interface for external camera
1	3469 80	Audio/video digital distribution block for several independent risers - 6 DIN rail modules
1	3462 30	Digital remote secure door lock relay - 2 DIN rail modules
1	3469 02	Pushbutton modules connection cable for outdoor station in several rows
1	3469 03	Connection cable for pushbutton panels with more than 26 pushbuttons
1	3368 10	Video distribution block for Ø 60 mm box

Configurators

1	3469 10	Configurators No. 0 (pack of 10)
1	3469 11	Configurators No. 1 (pack of 10)
1	3469 12	Configurators No. 2 (pack of 10)
1	3469 13	Configurators No. 3 (pack of 10)
1	3469 14	Configurators No. 4 (pack of 10)
1	3469 15	Configurators No. 5 (pack of 10)
1	3469 16	Configurators No. 6 (pack of 10)
1	3469 17	Configurators No. 7 (pack of 10)
1	3469 18	Configurators No. 8 (pack of 10)
1	3469 19	Configurators No. 9 (pack of 10)
1	3060 64	Configurators kit - 10 internal units
1	3060 65	Configurators kit - 20 internal units

Cables

1	3369 00	8 core digital cable - 100 m coil
1	3369 03	8 core digital cable - 500 m coil

Wiring tester

1	3369 50	Wiring tester 6 DIN rail modules
---	---------	----------------------------------

Connectors

2	3369 64	4 pin plug-in connector
2	3369 68	8 pin plug-in connector
1	3369 70	Protection covers for plug-in connectors

BTicino – Terraneo internal units

Pivot internal units

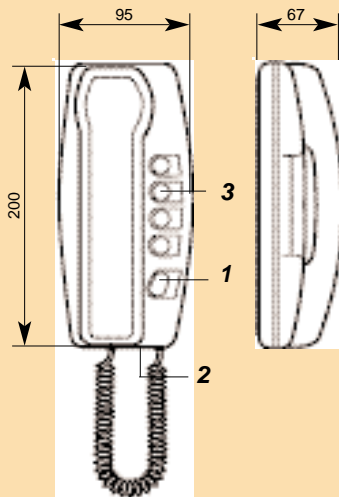

- 1 - Door lock control pushbutton
- 2 - Staircase light pushbutton
- 3 - Auxiliary function pushbutton
- 4 - Call signal volume control
- 5 - Housing for 4 extra pushbuttons or for call exclusion switch with signalling LED and two pushbuttons for intercom function

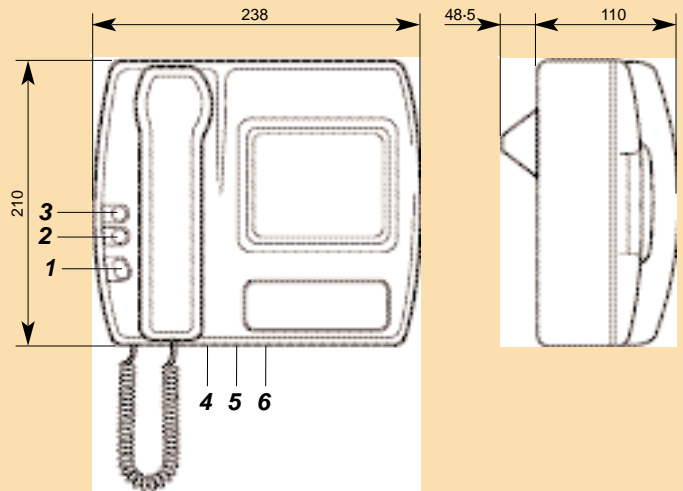

- 1 - Door lock control pushbutton
- 2 - Staircase light pushbutton
- 3 - Pushbutton for turning on outdoor station's camera, switching between 1 camera and the other or turning on auxiliary services with actuator in digital system
- 4 - Call signal volume control
- 5 - Housing for 4 extra pushbuttons or for call exclusion switch with signalling LED
- 6 - Dip-switch for presetting the device for the various services
- 7 - Contrast control
- 8 - Brightness control

Sprint internal units

- 1 - Door lock release pushbutton
- 2 - Call signal volume control
- 3 - Housings for extra pushbuttons or call exclusion switch with signalling LED

- 1 - Door lock release pushbutton
- 2 - Staircase light pushbutton
- 3 - Pushbutton for turning on outdoor station's camera, switching between 1 camera and the other
- 4 - Call signal volume control
- 5 - Contrast control
- 6 - Brightness control

Vivavoce audio handsfree system

Operation

Push the on-off switch to activate a two-way conversation for approx. 1 minute, after which it will switch off automatically. The LED is on for the duration of the communication. To interrupt at any time just push the same on-off switch again.

- 1 - Door lock control pushbutton
- 2 - Staircase light pushbutton
- 3 - On/off switch
- 4 - On/off LED
- 5 - Microphone
- 6 - Loudspeaker
- 7 - Ringing volume control
