PRODUCT DATASHEET

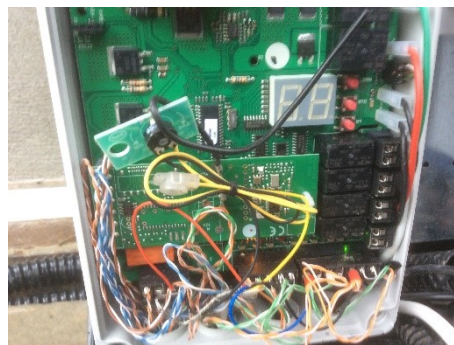

SECURE COMMS CABINET

Secure Comms Cabinet

Our complete enclosure to house all electronic control units including main power isolator, mains circuit breakers, gate/barrier/bollard control panel, loop detector, GSM control unit, app control unit and override switch for safety photo sensors.

If you are going to do it – do it right from the start!

Examples of how it should *NOT* be done!

Expect intermittent and ongoing problems with your investment if your comms cabinet looks something like the second two images.
